Public transportation to and from the airport to the hotel: In Atlanta it's very easy to come to downtown from the airport. There is a direct metro line, MARTA, that comes in to very close to Tech and from the metro station there is a trolley that loops around and takes people to campus. The cost of the MARTA ride is about \$2.00 and the trolley is for free. More information on MARTA can be found at <http://www.itsmarta.com/>
